Fitzgerald To Die For Local Killing, Jury Determines

Sentence Will Be Passed On Slayer In Court Next Month

Deliberating less than three hours, a jury Tuesday afternoon returned a unanimous verdict of death against convicted slayer Stanley William Fitzgerald.

Superior Judge Vernon Stoll will pass judgment January 6 at 2 p. m. An automatic appeal is provided in death penalty cases.

NEVADA CITY — A Superior Court jury last Thursday found Stanley William Fitzgerald guilty of first degree murder, first degree robbery and assault with a deadly weapon.

Fitzgerald, who shot and killed George Bonn, wounded Milton J. Young, and robbed them of $800 in an isolated forest near Truckee, appeared calm as the jury entered the courtroom after four hours of deliberation. He broke down when the verdict was read.

Testimony at the trial showed that Fitzgerald, 39, an Irish ballad singer, drove to a spot near Woodchopper Springs with Young and Bonn, after meeting in a San Francisco bar. They were headed toward Reno.

Young, who testified from a wheelchair, said that he 'played dead after Fitzgerald shot him in the hand and hip and heard the shots that killed Bonn. He said the balding Fitzgerald then stepped over to where he lay and said, "he's dead, I gave him the coup de grace."

Fitzgerald fled. The wounded Young, unable to move, set a small forest fire to bring help.

Fitzgerald, testifying in his own defense, said Bonn made improper sexual advances to him shortly before the shooting. He said he blacked out when Bonn struck him on the head with a whisky bottle and remembered nothing until he saw Bonn lying dead on the ground.

Fitzgerald, who escaped from the Nevada County jail after his arrest by FBI agents at the Portland home of Mrs. Yvonne Schumann Fitzgerald, his wife of one day, may face a jury trial on escape charges. Peace officers recaptured him five days after the escape.

Donner Zoning Is Ordered By Board

At the adjourned meeting last week, the Nevada County Board of Supervisors passed Ordinance No. 239 which sets up a building zoning area at Donner Lake.

The complete ordinance may be found on another page of the Sierra Sun today.

Ed Atkinson of the Donner Lake Development Company opposed passage of the ordinance, saying that at the time the map was prepared, former Planning Consultant Gus Parson was unaware of a piece of land which should be set up for commercial purposes.

Verne Jones, present consultant for the planning commission, said that 90 per cent of the residents of the area wanted residential zoning.

Spokesman for the Donner Lake Property Owners insisted on the ordinance and it was passed unanimously.

Sparks Ekes Out Win Over Locals

Coach Orsie Graves' Sparks Railroaders had to go into overtime to eke out a narrow, 65-61 victory over a pressing Tahoe Truckee squad in a non-league clash here Friday night.

The game was nip and tuck all the way as neither team ever held more than a six-point margin. Sparks jumped into an early lead in the first quarter as the Railmen led 10-4 for their biggest spread of the evening.

But the Wolverines hung right in there and put the crowd on its feet when it fought back to within two points of Sparks at the half, Coach Neil Gates' Californians came on strong in the third quarter and commanded a six-point lead at one time themselves.

The Railroaders and Wolverines then fought down to the wire with the lead changing hands several times until it was 58-58 at the final gun. In the overtime period it was the accurate shooting of the Railmen that spelled the difference as Sparks hit for seven big tallies as Truckee could garner only three.

Throughout the action Joe Mayer of the Rail City dominated the boards and poured in 23 points to set the offensive pace. John Sanderson added 19 while Tony Lopez registered 12 tallies to aid the Railroader attack.

Bill Notley and Doug Baxter showed the way for the host squad as they hit for 15 and 18 points respectively.

The win left the Sparks Railroaders undefeated in three starts and set Tahoe Truckee on the short end of a 1-3 record.

Two 17 year old Sparks youths were taken into custody during the basketball game at the high school on charges of possessing and consuming liquor in the rest rooms.

Tahoe Truckee To Withdraw From League In Nevada

Local Teams Plan To Play Independent Ball In Coming Year

Following the recent meeting of the governing board of the Tahoe Truckee Unified School District, Superintendent John Corbin was instructed to advise the Nevada Interscholastic League that the local high school is discontinuing its membership in that organization.

This decision was made after considerable discussion concerning the mileage and time involved to meet the proposed 1961-62 football and basketball schedules.

The trouble came when Tahoe Truckee was taken out of the A schedule and placed in the AA which includes schools far distant from Truckee such as White Pine, Winnemucca and others even more distant.

Corbin said that unless the school becomes associated with the California Interscholastic Federation with schools in the vicinity, it will play independent basketball and football next year. However, he said the school definitely would be in the CIF by 1962.

In the meantime, he said, there are at least eight schools lined up as competitors within easy travel distance which would like to compete with local squads.

Girl Rescued From Ski Lift By Youths At Squaw Valley

By Ellen Attardi

SQUAW VALLEY—Quick thinking and alert action on the part of two young University of California students saved 11 year old Linda Greaves of Oakland from possible serious injury in a ski chair lift mishap last Sunday at Squaw Valley.

Linda was about to get off the lift at Tower 20 when her jacket caught on the chair which made it impossible for her to do so, and she went on up dangling by one arm from the lift. When the lift was stopped by an operator, Linda was hanging over a 40-foot drop. Gary Rogers and John Austin, who were waiting to get on the lift, quickly climbed up the tower and adeptly hand-over-hand to Linda and pulled her back to the safety of the chair.

Linda is spending a pre-Christmas ski vacation this week at Squaw Valley with her parents, Mr. and Mrs. A. L. Greaves, Jr. Gary Rogers is on the staff of the California Alumni Center in Tahoe City and was skiing at Squaw with his fellow student, John Austin, when the mishap occurred.

ITHACA, N. Y. — Two Truckee area eating and lodging establishments will receive national recognition in the new 1961 editions of the Duncan Hines travel books "Adventures in Good Eating" and "Lodging for a Night" coming out this month, according to an announcement from Roy H. Park, editor-in-chief of the Duncan Hines Institute here, publisher of the travel books.

The Truckee area establishments are among 9,200 eating and lodging places in North America "Recommended by Duncan Hines." They are: Rainbow Tavern Hotel in Soda Springs—listed in "Adventures in Good Eating;" Gateway Motel in Truckee—listed in "Lodging for a Night."

In addition, there is the third Duncan Hines travel book, "Vacation Guide," now in preparation for publication in February, 1961.

CROSSING WARNING ISSUED BY PATROL

A flashing red signal, a warning bell — but the car streaks across the tracks anyway.

It's an invitation to disaster.

And it's also a violation of the vehicle code, points out California Highway Patrol Commissioner Bradford M. Crittenden.

The law states that whenever a "clearly visible electric or mechanical signal device gives warning of the immediate approach" of a train, the "driver of a vehicle shall stop within 50 feet but not less than 10 feet from the nearest track of the railway."

"The law is very clear—it calls for a full stop whenever you approach a railway crossing warning device which is in operation," the commissioner said.

After a full stop, the driver can proceed if the crossing can be made safely.

"Without a full stop, the driver is too busy watching the roadway and other motor vehicles to observe the train and guage its distance and speed.

"When you make a complete stop, you can then look for the train and make an accurate judgement on whether to proceed or wait of the train to pass," the commissioner said.

DRIVE IS PLANNED TO STOP DRUNK DRIVERS

The combined efforts of the California Highway Patrol and state department of alcoholic beverage control will be matched against the problem of drinking drivers in the coming holiday season, Patrol Commissioner Bradford M. Crittenden revealed this week.

ABC Director Malcolm E. Harris and Crittenden agreed to a joint program for the fifth consecutive year. "Our cooperative efforts have achieved favorable results in the past, and we expect even greater success this year," the commissioner said.

Investigators of the ABC again "will work closely with the patrol in an aggressive campaign to enforce against the excessive drinking problem, both on and off the roadways," Harris added.

Crittenden pointed out that "even though stringent enforcement measures are desirable, the ultimate responsibility remains with the driver who, for his own safety, and the safety of others, must realize the inherent danger in operating a motor vehicle while under the influence of alcohol.

Our public information program will be directed to every corner of the state to gain increased awareness of this problem as the holidays draw near."

Our daughter Jennifer went back to school Monday after being home a week with a bad case of poison oak. We both had it due to the fact that we like pretty red berries and thought they would be so nice for Christmas. Well, from now on, we will just leave the berries in Santa Rosa. All is fine at the moment but a few days after Christmas our six year old son, Mike will have his tonsils removed. Despite all of this, we are looking forward to a very happy Christmas because our son Harold will be home from the army, we will have all our children and grandchildren with us for the holidays. I would like to take this opportunity to wish all of you a very merry, happy Christmas also.

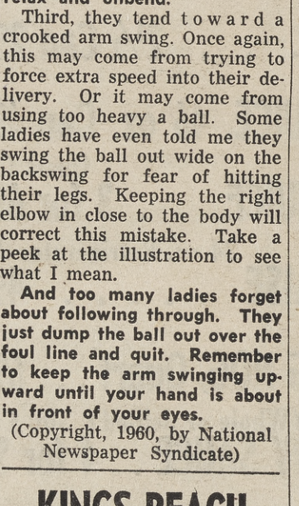
STRIKES & SPARES

BY JOE WILMAN

LOOK AT THE LADIES ON THESE!



Of the women bowlers that I have taught, nearly all have a tendency to rush the footwork. They may be nervous or shy or something, but they do want to get rid of the ball in a hurry. Some gals think they are getting more speed by rushing to the foul line. Easy does it for natural speed and gradual momentum.

Neither do they bend the left knee enough in the final step to slide to the foul line. "Sophisticated Sally" is a typical woman in this mistake. She won't relax and unbend.

Third, they tend toward a crooked arm swing. Once again, this may come from trying to force extra speed into their delivery. Or it may come from using too heavy a ball. Some ladies have even told me they swing the ball out wide on the backswing for fear of hitting their legs. Keeping the right elbow in close to the body will correct this mistake. Take a peek at the illustration to see what I mean.

And too many ladies forget about following through. They just dump the ball out over the foul line and quit. Remember to keep the arm swinging upward until your hand is about in front of your eyes.

EARLY EVENING HELD BAD DRIVING PERIOD

The dangers involved in driving an automobile are prevalent at any hour, but accident-causing factors combine to exact the worst toll in the early evening, California Highway Patrol Commissioner Bradford M. Crittenden said this week.

He pointed out that between 5 and 8 p. m. there were 412 fatal accidents during the first nine months of 1960.

"Between 6 and 7 p. m. the fatal accident total was 140, the worst single hour during the day. This exactly matches the pattern of 1959, when the same hour accounted for the most fatal accidents.

"The heavy traffic of early evening hours, plus the factor of decreasing visibility, send accident totals climbing.

"For the same reasons, the driver's caution and awareness of rapidly developing danger situations should also climb.

"The driver who recognizes this, and reacts accordingly, not only protects himself, but is accepting his responsibility toward the rest of the motoring public," Commissioner Crittenden concluded.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read (95:23): "Led by a solitary star amid the darkness, the Magi of old foretold the Messiaship of Truth. DONNER SUMMIT NEWS

By LLOYD W. GAY

SUMMIT WEATHER

Two weak, warm storms brought some snow, rain and wind to the summit for the weekend, with reduced visibility although the road stayed relatively clear. One and a half inches of snow fell on Thursday night and five inches fell on Friday. The seasonal total snowfall now stands at 112 inches and the snowpack on the ground was 40 inches on Monday morning at Soda Springs. The maximum temperature was 46 degrees on both December 13 and 14 and the minimum dropped to 14 on December 15.

PARENTS VISIT

The visit of Mr. and Mrs. Jeff Squires of Whittier with their daughter Betty in Norden brought an early Christmas to the Hamptons three children this past weekend. The Squires were accompanied by the visit of their grandparents, Mr. and Mrs. Jeff Squires of Whittier, was the occasion for an early Christmas for Dennis, Bonnie and Linda Hampton in Norden this past Sunday. The children's great grandfather, Harry Denton accompanied the Squires on their holiday visit with their daughter Betty, and also brought Betty's three year old nephew Paul Squires.

JUNIOR RACE COMING

The Yuba Suttter Ski Club will sponsor a giant slalom for junior race classes one through five on January 2 at the Donner Ski Ranch, announced Manager Norm Sayler who will be course setter for the event. The approved race will be run on one course for the advanced racers, and a shorter course for the less experienced classes. Entry fees will be $4 for classes 1, 2, and 3, and $2.50 for classes 4 and 5. Officials will be provided by the sponsoring Yuba Sutter Ski Club.

COMMUNITY CONCERT

The Reno Community Concert Association presented tenor Eugene Conley to an appreciative audience last Wednesday night as the second artist in the 1960-61 series. Especially well received were a selection of Irish songs, and two arias from the opera "Rigoletto." Enjoying the program were Bud and Barbara Zorich, John and Eleanor Johanson and Lloyd Gay.

CHINAMAN REOPENS

The Sotuhern Pacific lunch room in Norden, which has provided for many a skier as well as train crews, reopened recently after being closed since June. Although the traditonal Chinese cook is missing from the company restaurant this fall, it will undoubtedly remain "The Chinaman's" as it has been called for many long years.

SKI FASHION SHOW

The Soda Springs Hotel was filled with a capacity crowd last Saturday night as its season opening was in conjunction with the Zorich Ski Shop's fashion show. The show, under the direction of Barbara Zorich with the assistance of commentator Fran Couillard, exhibited the latest of domestic and imported ski wear for children and adults, and for both skiing and after-ski relaxation. The audience was particularly appreciative of the green Bogner stretch jumper modeled by Shirley Winthers, the corduroy knickers shown by Max Williamson, and the lederhosen as worn by four year old Tommy Zorich. Also showing the fashions were Betty Board, Betty Aro, Bev Cardwell, Marian Allyn, Robin Board, Janie Allyn, Debbie Zorich, Tommy Gangler, Billy Strickland, Lloyd Gay, Pete Carnegie and Randy Van Quill. The Soda Springs Hotel was host to a buffet dinner following the show, and Francis Dragoo provided music with her electronic piano for both the show and for dancing and singing afterwards. Bill Cannon was caught and placed on exhibton because of his shocking red vest. Another source of humor was the long underwear as shown by Jim Winters. The show concluded with Bud and Barbara Zorich wishing the guests a very happy holiday season.

NEED FOR DISTRICT PLANNING POINTED OUT BY EDMUNDS

By C. Edmunds
Member, Nevada County Planning Commission

Planning, is studying and preparing for the appropriate use and orderly development of our natural resources. It entails an inventory of the assets of our area and an analysis of the potential of the land and people to obtain the most desireable and greatest income and enjoyment therefrom.

Planning is never complete. It is under constant revision and adjustment to the everchanging nature of our environment.

Planning deals not alone with tangible things and the economics of our area but concerns itself with the intellectual aspects and spiritual values. It deals with time, place and emotions and is as broad as life itself.

The Nevada County Planning Commission was organized and set up under the conservation and planning laws of the government code as an advisory agency to the board of supervisors in 1954. It is composed of nine members appointed by the supervisors to serve at their pleasure for a four year term. The board is mainly composed of well-meaning citizens from various sections of the county who are ready and willing to devote generously of their time and efforts towards this civic function. They are wholly subordinate to the board of supervisors and any legal powers they possess must be granted them by ordinance. Most of them, however, lack the basic fundamental knowledge to enable them to do an effective job without calling upon expert technical assistance.

The commission is undertaking to provide a master plan for Nevada County. The first step in this direction has been initiated this year through the cooperation of the board of supervisors, who have set up a sum of money in this year's budget to provide the commission with monthly professional consulting services. Richard M. Wilkinson, planning consultant of Redwood City has been engaged as consultant and with his help the commission is now laying the ground work and planning a program that it is hoped will eventually bring into being a master plan for the county.

A master plan is not the ultimate of county planning. It is an overall plan which precise area planning, zoning and development can be adopted, so that the relationship of such area to the master plan will be consistent and will add to the value of the whole.

The current work of the commission that directly effects this end of Nevada County is the zoning of the Donner Lake area, which has been underway for the past year and has ben actively participated in by a citizens committee and the Donner Lake Property Owners Association.

The Truckee Tahoe Airport District has also submitted to the commission a zoning ordinance to cover the approaches to the proposed airport and action on both of these ordinances should be completed by the end of this year.

The technique of planning can not provide all of the answers to rejuvenate a community. The people must help themselves and act with forethought in the social and economic, as well as in the physical planning field.

The planning commission can help the community which is determined to improve itself by assisting in gathering and analyzing the facts about existing conditions and future possibilities and by helping the community to plan for itself. Without citizen desires and participation there can be no effectuation of even the best of plans. The answer is, that we should plan for what we can live with.

TRUCKEE RIVER WILL BE OPEN IN NEVADA

In establishing the 1961 fishing season, the Nevada Fish and Game Commission announced that the Truckee river will be open in Nevada the year around starting January 1. Last year the Nevada opening and closing corresponded closely to the California regulations.

SPLIT OF WATER AT TAHOE AGREED ON

Members of the joint California-Nevada Interstate Compact Commission reported Tuesday they had completed a draft of a plan to split Lake Tahoe waters, but they are still faced with the problems of dealing with the Truckee, Carson and Walker rivers.

The joint commission has agreed that annual gross diversions from all sources in the Tahoe basin shall not exceed 34,000 acre feet a year. Of this 23,000 will be allocated to California and 11,000 to Nevada.

The commission will meet in Reno February 27 and 28 to tackle the rivers problem.

Cecil Edmunds of Truckee and William Bechdolt of Tahoe City are the local members of the commission.

HOLIDAY SEASON IS BAD FOR ACCIDENTS

Holidays may be happy days, but highways aren't necessarily happy ways, especially during those happy holidays, warned Lt. O. P. Ledford, officer in charge, of the California Highway Patrol's Truckee substation today.

Despite the traditional joy of the Yuletide and New Year's seasons, the fact remains that an estimated 82 persons may die in California traffic accidents during the two holidays," Lt. Ledford said.

"The patrol will attempt to disprove that estimate. Our strength in the field will be maintained at maximum level during both holiday periods.

"We will be especially alert for the drinking driver, and strong emphasis also will be placed on enforcing against those violations which cause the most accidents."

ALIENS ARE ASKED TO GIVE ADDRESSES

District Director Charles J. Beechie of the immigration and naturalization service estimated that over 220,000 aliens will report their address in the San Francisco district during January under the federal alien address report program.

The immigration official said that 214,000 aliens reported their address during January 1960.

Beechie said that all non-citizens, except those in diplomatic status, foreign representatives of certain international organizations and those admitted temporarily as agricultural laborers, are required to file the address report.

He added that any alien who willfully violates the address report requirement may be fined up to $200, imprisoned for 30 days, and deported.

STUDENTS SING AT TAHOE ROTARY MEET

TAHOE CITY—A chorus of 34 students of the Tahoe Lake Elementary School under the direction of school Principal Jim Reynolds provided the entertainment for Tahoe City Rotarians at the December 13 dinner meeting at Tahoe Inn. There were no Christmas carols and the six selections rendered were of a class of music hardly expected to be attempted by a chorus comprised of 5th to 8th grade students. Each selection received an applause indicative of a perfect renditon and Reynolds was complimented after the meeting for his training of the chorus.

To conclude the program, three third graders, Dorothy Pomin, Debby Stark and Sally Starratt, alternated in singing.

Steve Korich, chairman of the annual Christmas party, reported over 300 presents have been wrapped and name labled for the event the evening of December 21. Presents are to be given to children from three year olds through the fifth grade.

Gordon Moyer reported he had received numerous letters from school children complimenting Ralph Bly for his part as Santa Claus last year and expressing hopes that he would be Santa again this year.

President Ralph presided over the meeting attended by 35 members.

The governing board of the Tahoe Truckee School District has employed Donald Lamp as bus driver and custodian.
